

The diagram shows a technical drawing of a mechanical component, possibly a bracket or a housing. It features a large, rounded trapezoidal shape on the left side, which tapers towards the right. Inside this larger shape, there is a smaller, more complex structure consisting of two horizontal rectangular sections stacked vertically. The top section has two small vertical slots, and the bottom section has two similar slots. At the bottom of the main trapezoidal shape, there are two small vertical slots. The entire drawing is rendered in blue lines on a white background. The text 'safe area' is written in orange font to the right of the main shape.
